

We are also able to represent our high demands of quality through the membership in the **Nomex® Quality Programme** of DuPont.

Standards according to this quality programme are beyond the demands of the common European Standards for protective garment. So end users can easily find out the products manufactured after special criteria. As members of the Nomex® Quality Programme we can assure the fulfilling of those high values.

Nomex®
Quality
Partner

2009

This is to certify that
Texport GmbH
is a member of the
Nomex® Quality Partner Program
an innovative product development and marketing network for thermal protective apparel
